EDUCATION

Drew University — Madison, New Jersey
Master of Science in Data Science, GPA 3.9 — *August 2026*

Asian University for Women — Chittagong, Bangladesh
Bachelor of Arts in Economics, CGPA 3.63 — *May 2016*
Minor in Mathematics and Asian Studies
Honors and Awards: 95% Scholarship Recipient

PROJECTS

Predicting Emergency Department Demand — *May 2026 - August 2026*

- Built a 1,536-row county-quarter panel across 57 NY counties using SPARCS, ACS, weather, and geographic data.
- Evaluated XGBoost, Random Forest, Ridge, and persistence; selected previous-quarter persistence at 3.36% WAPE on the 2024 holdout.
- Deployed a Flask app on Render for county-level next-quarter demand forecasts. Project

TMDB Movie Recommender — *August 2026*

- Built a content-based recommender for 5,000 TMDB movies using TF-IDF and cosine similarity; 90% of top-10 recommendations shared a genre.
- Deployed a Streamlit app on Render with movie search, posters, similarity scores, and adjustable recommendations. Project

News Headline Topic Modeling — *March 2026*

- Built a semantic topic-modeling pipeline for 996 ABC News headlines using SentenceTransformer, t-SNE, HDBSCAN, c-TF-IDF, and MMR.
- Reduced 29 fragmented clusters to 6 topics; trained a Linear SVM (0.846 CV Macro F1) and deployed a Streamlit app. Project

EXPERIENCE

CosmicVision Company — Ho Chi Minh, Vietnam
Lookdev/Lighting Artist — *March 2021 - July 2024*

- Created production-ready 3D assets through modeling, texturing, look development, and lighting.
- Trained new artists in production workflows and Maya; received Most Interesting Employee 2021.

BadClay Studio — Ho Chi Minh, Vietnam
Project Manager — *February 2018 - March 2021*

- Managed cross-functional VFX/animation teams, production schedules, client communication, budgets, and feedback.
- Oversaw post-production for an episode of Sweet Home and received Best Producer 2020.

SKILLS

Technical
Python | SQL | R | Pandas | NumPy | Polars | MySQL | Scikit-learn | XGBoost | SentenceTransformers | HDBSCAN | Power BI | Tableau | Plotly | Matplotlib | Excel | Git | GitHub | Flask | Streamlit

Analytics & Modeling
Regression | Classification | Clustering | Forecasting | Statistical Modeling | Cross-Validation | NLP | Recommender Systems
